Die Rolle der Freiwilligen in der Palliative Care - Ein Bericht aus der Studie "Lokale Netzwerke der Palliative Care und Integration von Freiwilligen". Zeitschrift der Schweiz. Gesellschaft für Palliative Medizin, Pflege und Begleitung 2008; 2:53-54.

Projects (9)

Patient-needs-based multi-professional delivery of Palliative Interventions by oncologists' and oncology nurses: a randomized Phase II trial

Clinical Studies - May 22, 2018 - May 22, 2018

Automatically Closed

The MENAC Trial - A randomised, open-label trial of a multimodal intervention (multimodal = exercise, nutrition and anti-inflammatory medication) versus standard care in cancer patients with cachexia

Clinical Studies - Aug 24, 2017 - May 31, 2020

Automatically Closed

QLQ-CAX24 Phase4

Clinical Studies - Jul 17, 2017 - Oct 1, 2017

Automatically Closed

Monitoring of Patients' Needs, Professional Triggers and delivered Basic Palliative Care Interventions in Routine inpatient and ambulatory of Advanced Incurable Cancer Patients: A sub-study to pilot the clinical practice tool - ESMO patient guide with KIPCC log

Clinical Studies - Sep 1, 2016 - Mar 31, 2017

Automatically Closed

A national palliative care database: A tool to better define the needs of palliative care patients in Switzerland - SwissPALL

Clinical Studies - Nov 1, 2014 - Jan 1, 2016

Completed

Qualitative Interviews Runder Tisch in palliativer Situation - Teil 1 des Konzeptes Palliative Betreuung

Clinical Studies - Aug 4, 2014 - Dec 1, 2015

Completed

A structured early palliative care intervention for patients with advanced cancer - a randomized controlled trial with a nested qualitative study - SENS Trial

Clinical Studies - Aug 1, 2014 - Dec 31, 2016

Automatically Closed

Kommunikation über Sterben und Tod aus der soziologischen Perspektive

Clinical Studies - Feb 1, 2013 - Dec 31, 2017

Automatically Closed

Diagnosing dying – development of a tool for identifying the last days of life

Fundamental Research - Feb 1, 2012 - Jul 31, 2014

Completed
